

The Mill

Recorded on a *seven song e.p.* (*Outlaw Social* © 2006)

There's a deep hole, a deep hole
A black bird, a black bird
A deep hole, a deep hole

Chorus

Down past the mill, down past the mill
I'm coming on home in my good time

A sharp blade cutting hard
A sharp blade cutting hard
A long haul through the yard

Roll back, roll back
Like an oxblood, an oxblood
My hands are full of saw wood

Draw near, draw near
A boy's down, a boy's down
Twenty-four a week now

One hand, one hand
Lost one hand, one hand
Pulling on the engine
